Offline Scan – Guide

0) Backup your folder ORB_SLAM2 (for online scan...)

1) Place "offline_orb_slam.cc" in the same place like tello.cc (ORB_SLAM2/Examples/Monocular)

2) Place "CmakeLists.txt" in the folder ORB_SLAM2 (replace the current file)

3) Place your "outpy.avi" video in the folder tmp

4) In the terminal run these commands (From Orb_Slam2 folder):

~/ORB_SLAM2/Examples/Monocular/offline_orb_slam
~/ORB_SLAM2/Vocabulary/ORBvoc.txt
~/ORB_SLAM2/Examples/Monocular/tello.yaml

(copy but pay attention that it is your path also)
